

CHAPTER 3

SECTION 13.2

MATERNITY CARE

Issue Date: August 26, 1985

Authority: [32 CFR 199.4\(c\)\(2\)\(i\)](#), [\(e\)\(16\)](#), [\(g\)\(5\)](#), [\(g\)\(34\)](#), and [\(g\)\(36\)](#)

I. PROCEDURE CODES

59000 - 59899, 82105, 82106, 82677, 82731, 84702

II. DESCRIPTION

Maternity care is the medical services related to conception, delivery and abortion, including prenatal and postpartum care (generally through the sixth post-delivery week), and treatment of complications of pregnancy.

III. POLICY

A. Services and supplies associated with antepartum care (including well-being of the fetus), childbirth, postpartum care, and complications of pregnancy may be cost-shared.

B. Maternity care for pregnancy resulting from noncoital reproductive procedures may be cost-shared.

C. The mother and child hospital length-of-stay benefit may not be restricted to less than 48 hours following a normal vaginal delivery and 96 hours following a cesarean section. The decision to discharge prior to those minimum length-of-stays must be made by the attending physician in consultation with the mother.

IV. EXCLUSIONS

A. Services and supplies related to noncoital reproductive procedures.

B. Home uterine activity monitoring (HUAM), telephonic transmission of HUAM data, or HUAM-related telephonic nurse or physician consultation for the purpose of monitoring suspected or confirmed pre-term labor.

C. Off-label use of FDA-approved drugs to induce or maintain tocolysis.
